*Teaching with today's technology  
to ensure tomorrow's success*

**CECA Advisor Program**

CECA is a team of volunteers striving to meet the needs of Connecticut educators. We partner with other organizations, the state, RESCs and the business community to continue our mission.

## Our Goals

- To promote the integration of technology into the curriculum in schools in the state of Connecticut.
- To educate school personnel in the use of technology and its integration into the curriculum.
- To disseminate information about the use of technology and ways to integrate it into the curriculum.
